B.W.S. CLUB'S CONCERT IS VERY SUCCESSFUL AFFAIR

MAKEPEACE

(By Our Correspondent)

The last Red Cross meeting was held at the home of Mrs. F. Nall on February 16th. Despite the weather quite a number of the ladies attended. 44 articles were turned in as follows: 1 6 year old sweater, 1 infants sweater, and 1 V necked sweater, 9 pairs of boy's pyjamas, 4 skirts, 4 pair socks, 14 nightgowns, 1 jumper suit, 1 baby bonnet, 2 baby booties, 1 quilt top, and one finished quilt. \$1.10 in tea money was turned in.

The ladies also gave a vote of thanks to the dance committee and to Miss Hallenberg and her pupils who helped make and sell tickets on the raffie. Also a vote of thanks was extended to the Makepeace.

The Masonic Hall was filled to capacity last Wednesday night when the Bassano Women's Service Club presented their first variety concert in aid of the Boys Overseas.

The various artists were well received and judging by the applause, their choice of musical items was appreciated and enjoyed. We must give special mention to the boys in uniform—the cadets, who with Lieut. Redmond made a grand opening—the boys from Brooks, too were just grand although small in number gave us some very enjoyable musical numbers, thanks to Rev. Evans. We cannot thank Mr. Redmond or Rev. Evans to much for the help with this concert for the boys Roy Smith with his French recitations was well received as were the other recitations and ball dances, etc.

People are still asking "Who is Cadet?" We must not forget the play put on by the local High School Staff. We certainly appreciate the cooperation we've received everywhere—teachers—Vets—everyone who was interested. The play, too, was thoroughly enjoyed and where such talent is shown by all the cast, it is difficult to judge. They were all just grand—one as good as the other. The play was thoroughly enjoyed by all.

After the performance, the boys were entertained to supper at the home of Mrs. Maguire by the entertainment committee viz: Mrs. P. Powell, Mrs. Rockwell, Mrs. Tom Maguire.

The sum of \$80 was cleared at the concert.

ROSEMARY

(By Our Correspondent)

Mr. Smith of Sterling is visiting friends in Rosemary.

Happy Balwicz of Bassano spent a short time in Rosemary, Saturday.

Miss Edith Olsen was hostess to a number of young people Sunday evening.

Mr. and Mrs. Stahel had as supper guests on Friday Mr. and Mrs. Froberger, Mr. and Mrs. F. Kramer.

A one inch snow fell in the early hours of Sunday morning. Stock ponds are low in many cases and a good snow would be welcomed.

Grandma Narum who has been ill for several weeks at the home of her daughter Mrs. E. White is now able to be out and is with her son Mr. Alf Narum in Rosemary.

Bob Long had the misfortune to badly damage his car recently when

Letters To The Editor

WE NEED A VILLAGE COLLEGE

"Village College" is a new word to the people in this country, but it should be as common as the term "High School". These village colleges would be situated in about thirty centres throughout Alberta and have a training capacity for about ten thousand students.

An institution of this nature would cater to the wishes of a large percentage of students. In a recent survey it was found that only thirty per cent of the students in our High Schools are academically inclined. This means that seventy per cent of our students were not capable of finishing High School, because of general courses which are largely academic. But these students would be interested in commercial, agricultural, domestic, industrial, health, social, and cultural courses. But the academic students could be taught along with these courses in a "Composite High School" or village college.

A college of this type in Bassano would be very helpful to the students and people for miles around. At present due to the loss of students in enlistments and moving to war centres the high schools in this area have a smaller number of students than they should have especially in grade twelve. But in peacetime this might well be the case for a smaller number of students. The town itself could offer a good water supply, irrigation for agricultural courses, pure drinking water for domestic use and sewage for the health of the students in the dormitories. The town has the services of a dentist, doctor and hospital, a theatre, a community hall and many other recreational centres. Bassano maintains a fire brigade and steady water pressure in case of fire, which we all know can be very disastrous.

The college in Bassano could be composed of six teachers and two hundred students. The course offered would include agriculture, electricity, carpentry, stenography, bookkeeping and other courses to fit the needs of the students.

The disadvantages of such a course are slowly being overcome. The present school buildings would be to small and would have to be scrapped but many of them should be used for intermediate and primary grades. This is especially true in Bassano. The new buildings would require a large outlay of capital but this could be helped by government grants. The board and tuition would cost the parents a good deal but the benefits received would more than equal the money spent. It is true that the dormitory students would have to leave home except for week ends but at no time would they be very far away from home. Vans would provide transportation to and from the college following a definite route, each Friday and Sunday after noon.

A new system of using the building in the evening for adult education could be set up for the benefit of the older folks in the community. The college also would be a centre for evening activities—C. G. I. T., Boy Scouts, Cadets, Red Cross work, Ladies Aid and other organizations.

Everyone should be informed on this subject as they are the most practical for most rural education yet suggested for Alberta, now the leader in the Canadian educational field.

A Bassano High School Student Bill Stiles

he took the ditch rather than hit a number of holes who were making use of the road between Brooks and Duchesne.

HUSSAR NEWS

(By Our Correspondent)

The organizing meeting of the Hussar Council, held in the office of the Secretary-Treasurer, resulted in the election of Mr. E. Bell again as Mayor, Mr. W. G. Nelson again as Vice-President, Mr. Paul Larsen as a member of the Committee on public works and Mrs. M. C. Bell again as Secretary-Treasurer. At the nominating meeting held on February 7th, Mr. Paul Larsen was elected by acclamation as Chairman for three years; this is the first change on the council for twelve years. Councillor H. D. Brown after serving on the Council for that length of time, refused to stand for re-election and as there was only one candidate, there was no need for an election, so Mr. Larsen was declared elected.

The council plan on considerable work being done on the sidewalks and streets this year, especially in repairing the sidewalks if and when workers for the jobs can be hired. In 1943 the chief work was the repaving of the Village well, which is now in good condition again.

The Branch of the Red Cross Society has just shipped in two pairs of boxes of jams and jellies to the Junior Red Cross Hospital and a box of seventy articles to the Red Cross Headquarters. 2 large quilts, 6 pair of stockings, 3 pairs of men's pyjamas, 39 personal belongings, 10 boy's pyjamas, 3 sweaters, 1 pair of women's slippers, and 1 pair of gloves.

A survey of the shipments for the year 1943, shows that the Hussar branch shipped in 298 articles consisting of 23 large quilts, 60 pillow cases, 16 hospital gowns, 7 hot water bottle covers, 27 pairs of men's socks, 4 pair of women's socks, 2 sweaters, 1 tuck-in, 8 pairs of pyjamas, 3 pairs of gloves, 21 nightgowns, 1 vest, 1 pair of socks for boys, 60 pair of trousers, 25 shirts, 18 pairs of pyjamas and 15 sweaters.

The Bingo party on Saturday evening was a splendid success, bringing in \$450.00 clear. At the quilting at Mrs. E. J. Bell's, two quilts were finished. Next meeting will be at Mrs. A. Odies on March 9th.

GEM NEWS

(By Our Correspondent)

Sgt. Albert Berkey spent last week-end at the Edwards home.

Mr. W. MacKay is a week-end visitor in Calgary.

The people in Gem have heard that Mrs. Galarnow is sick and they wish her a speedy recovery.

A box of chocolates raffied by the J. Red Cross was won by Mrs. Henry Teisen of Gem.

Marry Enns has gone to Calgary where she intends to work for a while.

Norman Hrvic and Lloyd Heryford are now back home after spending some time in the hospital.

A number of people attended a very well planned concert in Bassano last Wednesday and they all enjoyed a pleasant evening.

Miss Tom Cameron went home for a while to dance with her sister, where she spent a pleasant week-end.

Clarence Schisner has now returned to camp after spending some time with his folks and girl friend here.

The Teacher the Grade 3 and 4 sponsored a dance on Friday at

CANADA AT CROSSROADS

Canada is at the crossroads, with one road leading to progressive democracy and the other leading to regimentation and dictatorship, declared George A. Dobie of Galt, Ont., president of the Canadian Chamber of Commerce, in a speech Friday night to the Winnipeg Board of Trade.

"This most vital decision has to be made not by our business men nor by our workers nor by groups but by all the people in this country," he said.

Mrs. R. V. McCullough spent last week-end in Calgary, while there she attended the C.G.I.T. conference

which there was a good crowd. The Makepeace Orchestra supplied the music. I'll tell you boys, you're "super" and we hope to have you come again.

The Gem High School Students are sorry that Dave Plett one of their best sportsmen is leaving to attend school in Bassano. We hope that he will be as well liked in there as he was here.

Recently repatriated Canadian prisoners from enemy hands are being sent home with enthusiasm for the Red Cross food parcels they have been starved to death. Over seven million such parcels have

Letters To The Editor

For many years now, teachers and preachers have been trying to devise a system whereby students who are not classed as academic, could be taught courses that would suit their requirements. (Students classed as academic are those that take courses such as Trigonometry, Algebra, Chemistry, and Physics. Only twenty-five per cent of high school students are ever in this class.) These teachers and preachers have come to the conclusion that the "Village College" would be the best method and would do the most valuable for all the students.

A village college would be a high school situated in a community where it would be to the best advantage to the greatest number of students. It would include a dormitory for the students who have to come some distance. Bassano would be a very suitable place for such a school, for it is situated at the crossroads of two School Divisions and is the centre for a majority of farmers in the surrounding district. This school could function with a staff of six teachers and would have an enrollment of about two hundred students. The students from the country would be housed at the dormitory and would be under the supervision of the staff. The college would also include a small area of land for agricultural purposes.

Some of the expenses of the dormitory would be reduced by making use of the home-economics classes, the agricultural classes and the commercial classes and so on.

Our present high school system only teaches courses that benefit about twenty-five per cent of the students, whereas a village college would benefit them all. At present the other seventy-five per cent of the students, usually do not finish their high school and have to go out into the world and learn their trades the hard way. Such a system at the village college would eliminate these problems. They would present to the students more useful courses and when they were satisfactorily completed the student could go out into the world prepared to meet any future needs.

If necessary co-operation was received, Bassano could be the first village college. Similar action

Mid Week

Thought FOR BUSY PEOPLE

SUPPOSITION: GREK INSTRUMENT OF SATAN

In the Acts of the Apostles, chapter 21 and verse 39 we read, "whom they supposed that Paul had brought into the temple." This supposition that Paul had brought uncircumcised Greeks into the consecrated area, without taking the trouble to ascertain the facts caused the arrest of Paul and ultimately his martyrdom. What sorrow, grief and shame flow from people supposing and finding out when too late that they were wrong. Many are like the holy family who, supposing Him to be in the company, are traveling with out Him. They are full of religion, and so obedient to duty, but their lack of love, holy union and power, tells all that He is really not with them. Many are like the women at the tomb that morning who supposed He was the gardener. They are looking for something so different that even He appears in helpful, kindly sweetness, they cannot see Him. They suppose that it is only another quit mourning, who father, boy or girl mourning out sweetness and grace, with meekness; but no it is Jesus. He is indwelling that one and manifesting Himself. Many are like the Philiphian Jailor, measuring alibi their own wrong standards, and supposing all kinds of evil and they run off on a tangent of suspicion, without seeking to know the facts. They suppose, when the jail was wrecked, that all the prisoners had fled, and decided to kill himself. But when he investigated he found that they were "all there."

Do not suppose that a certain sister or brother has something against you. Go to her or to him in love and get the facts. Do not suppose that because so and so said so and so that so and so is backslidden. Go to the person in love and get the facts. "Supposing" is a master tool of Satan. It has gripped or ruined millions of lives. Make sure! Do not just suppose!

Alms given in secret bring the greatest blessing. What joy one can have in scattering a little happiness day by day! What an agreeable task is making others happy! What a miserable job wounding and hurting others!

Wheat in store in Canada, and U.S. 383,813,348 bushels

Buy War Savings Stamps Now!

would be taken at other places and within a few years such a system would develop all over Alberta, for if given a test, there is little doubt that it would prove successful.

GOVERNMENT NOTICE NATIONAL WAR LABOUR BOARD

Incorporation of Cost of Living Bonus into Wage Rates

THE ATTENTION of all employers in Canada, subject to the Wartime Wages Control Order 1943 (P.C. 2384), is directed to the provisions of the Order requiring them to establish for each of their occupational classifications, not above the rank of foreman, a single wage rate or range of wage rates as prescribed by the rules set out in Schedule "A" of the Order by adding to the previous authorized single wage rate or previous authorized range of wage rates the amount of previous authorized cost of living bonus, and that such established single wage rate or range of wage rates shall be effective for the first payroll period beginning on or after February 15, 1944.

Employers who may not be paying previous authorized cost of living bonus as required by General Order of the National War Labour Board, issued under dates of August 4, 1942, and November 3, 1943, pursuant to the provisions of the Wartime Wages Control Order, P.C. 2384, are required to include such amounts of cost of living bonus in the establishment of wage rates of their employees under P.C. 2384 effective for the first payroll period beginning on or after February 15, 1944, as stated.

News of the Week

FROM THE
Warfare Prices and Trade Board

BOARD SAFEGUARDS
STANDARD QUALITY

Hidden price increases through degradation of quality in women's milks, men's and children's wear are curbed through a new Warfare Prices and Trade Board order requiring manufacturers to label their goods with the WPTB license number and style number. This will enable the Board's inspectors to trace garments to their source and investigate complaints of degradation. The order is effective on March 1st.

NO MORE OLD TIN TUBES FOR NEW

It is no longer necessary to turn in a used tin tube when purchasing shaving cream or toothpaste. The Warfare Prices and Trade Board has revoked the order since the percentage of tin now being put in to new tubes is so low that continuance of the practice is unjustified.

Who tubes were made of a high percentage of tin, salvage from 40,000 pounds of used tubes resulted in 90,000 pounds of pure tin. Salvage operations will continue for a period and it is hoped public co-operation will be maintained.

PRESERVES COUPON VALUE

The Value of preserves coupons (D coupons) was doubled February 3 with respect to jam, jelly, canned fruit, molasses, marmalade, fountain fruit, maple and honey butter and extracted and comb honey. The new values apply to any D coupon.

Apple butter was removed from the ration list last fall. The new chart for preserves coupons value

Lethbridge Leads Way In Stamp Drive

BIBLE SOCIETY

FACES BIG JOB

To the women of the L.O.D.E. in Lethbridge, Alberta, goes the credit for staffing on a voluntary basis the first Stamp Hut in Canada. Established in November of 1940 Canada's First War Savings Stamp Hut, a formidable looking structure built of sand bags, has sold to the citizens of Lethbridge War Savings Stamps to the tune of more than \$25,072. Located at one of the main intersections of the town, the Hut is under the direction of Mrs. S. M. Rose.

The daily sight of that sand bag building in the early days of the bombings over Europe was a grim reminder of the need to buy War Savings Stamps to help provide the materials of war.

After being exposed to the destructive force of more than eight months of Alberta weather, however, the sand bags began to crumble and fall into the street. It was decided to rebuild the structure and the citizens of Lethbridge, by then accustomed to purchasing their stamps from the Hut, donated the material. Logs were furnished by a nearby lumber camp. Soldiers, carpenters and a contractor gave their time to the construction, and local merchants and organizations contributed paper, nails and such furnishings as were required for the small log cabin that was erected.

Commenting on the sales at the hut Mrs. Rose said: "We have always been very proud of the Hut and our sales have increased monthly. The first month we were open we sold about a thousand dollars worth and in December of 1943 we had increased our month-by-month total to \$25,072."

The Bible Society has had the best year in its history in South Alberta. At the annual public meeting was given a survey of the work done, both in the city and in the country.

More tremendous undertakings lie ahead. There are world wide required 11 million copies of Scriptures each year. In the post-war world the society "anticipates greatly increased demands. Despite in countries provided by the enemy are empty and owing to enemy action about half a million dollars worth of scriptures and proceeds from sales have had to be written off as lost. The world looks to the Bible Societies to provide these books.

Q—My grocer allowed me to have only one can of vegetables when canned vegetables were made available to consumers a short time ago? Can't I have more than that one tin?

A—Retailers must exercise every care to make certain that such supplies as they have available for sale

to consumers are fairly distributed among all. The retailers are expected to apportion their supplies in such manner that they provide for the needs of all their customers. The number of cans a retailer decides to allow customers is up to him.

Please send your questions or your requests for the pamphlet "Consumer News" or the Blue Book (the book in which you keep track of your ceiling prices) mentioning the name of this paper to Wartime Prices and Trade Board, Calgary Alberta.

MORE ABOUT MAKEPEACE (continued from Page One)

Orchestra for their generous support.

The next meeting will be held on March 1st at the home of Mrs. Weeks. The Ladies are all requested to come as the drive for funds for the Red Cross will begin.

A dance will be held at the Makepeace School House on Friday Feb. 25th. Gents 40c Ladies 35c. Ladies bringing lunch will be admitted free. The dance is being sponsored by the Junior Red Cross. So everyone come and support this worthy cause and also have yourself a good time. Music by the Makepeace Orchestra.

Carl Sykes returned last Saturday from a trip to the coast.

Pte. H. Weeks is home from Calgary on furlough.

Mrs. J. Peiniwicks mother and sister Mary are visiting her from Munson.

Mr. and Mrs. O. Beeson were visitors at the home of Mr. and Mrs. Hereford on Thursday.

Mrs. Sid Robbourn and Dianne are at present visiting relatives in, Chedoke and Calgary.

Mr. and Mrs. V. G. Campbell are being congratulated on the birth of a son at the Bassano Hospital.

A number of ladies and their husbands enjoyed a session of bridge at the home of Mr. and Mrs. F. Hall after the Red Cross meeting.

The Makepeace Curling club are at it again we hear. They have been curling in Bassano several nights this past week.

Mr. and Mrs. C. Boesch, Mr. Sid Robbourn and Mr. and Mrs. Art Arlison were visitors at the home of Mr. and Mrs. F. Bulger, Monday evening.

Saturday Special 10 OR WHOLE HAMS SWIFTS OR BURNS

A man standing by a curb in a blackout felt a gentle pressure around his waist and sharp pressure on his face. Then a feminine voice, "Oh! It's quite all right said the man. "Just carry on, but please stop trying to post your letters in my mouth."

NOTE AND COMMENT

Most conversation these days consists of beefing about the gas or gisting about the beef.

"How old are you, Bobbie?"
"I'm in the awkward age, to old to cry and to young to swear."

Elate—What kind of a husband would you advise me to get, a gander?

Grindm—You just leave the husbands alone and get yourself a single man.

SATURDAY SPECIAL — We have Sausage and Sausage and Sausage and

Three German Bombers encountered one of our aircraft and were shot down at sea.

The crews numbering twelve in all were picked up by a British battleship and put to bed in the spare top bunks.

Next morning when the Captain inspected them, he found that they were bruised black and blue.

"What's happened to these prisoners?" he enquired.

Well Sir, explained a sailor, one of them kept saying Spitfire, Spitfire, and every time he said Spitfire, the other eleven bolted out.
